POOMKUDY AGENCIES P.LTD is a prestigious name in India's Auto component aftermarket industry. With a rich heritage spanning over four decades, Poomkudy has earned a formidable reputation for its unwavering commitment to ethical practices and business excellence since its inception. Holding a very prominent presence with branches and one of the largest dealer networks that spans across every state of South India, their strong position in the industry is a testament to their widespread influence and reach.

In the ever-changing landscape of the auto component aftermarket industry, Poomkudy remains an exemplar of resilience and progress. Driven by a vision to be the benchmark of excellence, the company continues towards expanding its product range to meet the diverse demands of their dealers. Their visionary approach and keen understanding of market dynamics has propelled them to the forefront of the industry in South India, earning the trust and loyalty of their customers and suppliers.

With a rich legacy founded on ethical practices, customer satisfaction, and a relentless pursuit of excellence, Poomkudy has successfully diversified its portfolio into multiple industries with distinct business verticals such as Poomkudy Motors P.Ltd for Vehicle Dealerships, Poomkudy ZAAN P.Ltd the Auto Component Manufacturing entity, Poomkudy Estates and Projects for Real Estate and Construction, and the Apparel Industry brand ZACH-&KIKI. Set on a well-defined trajectory, Poomkudy is poised for multifaceted expansion and growth in the times ahead.

POOMKUDY ZAAN P.Ltd the manufacturing arm of POOMKUDY Group contract manufactures top quality auto components and lubricants under brand name ZAAN, venturing with Tier One OE certified vendors. Since its launch in 2017, ZAAN has already gained an excellent reputation in the auto aftermarket for delivering premium quality products. The brand has successfully reached over 4000 retailers in South India. The ZAAN product range includes lubricants for both automotive and industrial applications, Gas springs for auto and industrial use, Coolants, DEF (AD Blue) and Tools and Jacks for automotive applications. Every products are manufactured as per OE specifications, undergoes rigorous testing and comes with a guarantee for superior performance, equal to or better than many leading brands in India at a moderate price.

ZAAN Synthetic Coolant is a premium automotive coolant offering superior protection against rust, corrosion, and overheating. Its advanced formula, featuring a blend of organic additives, ensures exceptional performance, keeping your engine cool and running smoothly. With a higher boiling point, it effectively prevents coolant boiling and vaporization, avoid vapor lock in high-performance engines. Additionally, its low freezing point of -2°C makes it suitable for colder climates. Compatible with various vehicles, including cars, trucks, and SUVs, this long-lasting coolant requires minimal maintenance and outlasts conventional options. Moreover, it is biodegradable and environmentally friendly, allowing safe disposal without harm

| |
|---|
| Salient features. |
| Better heat transfer: ZAAN synthetic coolants have a higher thermal conductivity than traditional coolants, which allows them to transfer heat more efficiently, reducing the risk of overheating. |
| Corrosion protection: ZAAN synthetic coolants contain corrosion inhibitors that help protect engine components from rust and other forms of corrosion, extending the lifespan of the engine. |
| Longer service life: ZAAN synthetic coolants have a longer service life than traditional coolants, which means they need to be replaced less frequently, reducing maintenance costs |
| Environmental friendliness: ZAAN synthetic coolants are typically biodegradable and less toxic than traditional coolants, making them more environmentally friendly. |
| Meets/ Confirms to ASTM D3306/D4985/D6210, ASTM D1384,ASTM D4340 and ISO 9001standards. Tested and certified for NON-Toxic and Bio Degradable product classifications |
| Available in Green, Red, Blue, Pink, Orange and Purple colours and in 1L3L,5L and 210L SKUs |
